Privately gated and truly one of a kind, Laurell 4 Luxury presents this extraordinary luxury lease, perched high upon Camelback Mountain, offering a living experience found nowhere else in the Valley. Elevated above it all, the home commands unobstructed, cinematic views through dramatic floor-to-ceiling windows, city lights that shimmer at night, golden sunrises that awaken the mornings, and glowing sunsets that linger into evening.

Set on a whimsical two-acre mountainside, the property feels like a private sanctuary suspended between sky and stone. Artful statues are thoughtfully placed throughout the grounds, creating a sense of discovery and quiet magic at every turn. A stunning pool rests beside the mountain itself. A place where hummingbirds birds love to gather and nature feels/IS close enough to touch—an atmosphere that is peaceful, poetic, and unmistakably fairy-tale-like.
